LIFTOUT LTD

# CSCS

**Common Sense Common Safety**

# LIFTOUT LIMITED HEALTH & SAFETY COMMITMENT

We shall:

- Comply with Liftout Limited Health and Safety Policy
- Comply with Liftout Limited Environmental Policy
- Provide and always use Personal Protective Equipment (PPE) needed for their tasks and ensure they are all trained on its use
- Provide and prepare (a method statement and risk assessment where agreed) for all our site activities and submit them for approval prior to the relevant work starting
- Ensure all tools, plant and lifting equipment we use are in good condition, properly maintained, have appropriate current PAT test/certification and only used by trained competent workers
- Ensure our workers are competent and have received suitable training for the tasks they are expected to undertake
- Ensure all workers protect themselves and others from trips, falls and falling objects
- Learn and recognise hazards and accept that you have a personal responsibility to use safe working practices to reduce the risks to yourself and others
- All incidents (including near misses/unsafe practices) must be reported. All follow up corrective actions will help prevent similar incidents
